

APRIL 2019  
VOLUME 5

We hope Catholics take an opportunity to patronize faithful Catholic businesses and professionals. More may be found by looking at Immaculate Heart Radio's Business Directory found at <http://directory.ihradio.com> and [CatholicBusinessPages.com](http://CatholicBusinessPages.com).

Inclusion in this resource document does not imply an endorsement from the Diocese of Phoenix, the Office of Natural Family Planning, or the Catholic Academy for Life Leadership. We would like teens to know the names of professionals who have certified that they are faithful to the Catholic Church, including the teaching topics in the CALL program. We strongly suggest that teens and their families exercise caution and due diligence in selecting opportunities for shadowing and internships and in selecting professionals and situations with which they associate. We accept no responsibility or liability if any damages are incurred while using the advertisers included in this publication.

There are many other opportunities around the valley with other wonderful businesses. Circle the City, St. Vincent de Paul's Medical and Dental Clinic, Missions of Mercy, Office of Natural Family Planning, and Ryan House are other ideas for teens to contact for opportunities.

**WHAT IS CALL?** Catholic Academy for Life Leadership (CALL) is a three-year diocesan teen leadership program presenting formation in St. John Paul II's Theology of the Body, human reproduction, pro-life issues, how to help someone facing a crisis pregnancy, virtues, and how to live in the difficult cultural landscape around us, as well as college preparation and bio-ethics regarding law, science, and ethics in the topics of abortion, biotechnology, and end-of-life issues.

**HOW DOES THE CPR FIT INTO CALL'S MISSION?**

We need teens to develop into leaders in all careers, formed in these issues. We encourage cooperation with professionals who can show how they have integrated their careers with living out their solid Catholic faith.

**WHY ONLY A FEW ENTRIES IN THE CPR?** We hope to have this grow each year and need people committed to help us with this task. Please join our Professional Connections Committee if you are interested. Or let us know about your business or organization so we can include it in the CPR!

“providing a bridge to hope that creates a safer, more just and compassionate society”

### Process:

1. Teens check the CALL website under the Downloads tab for the “Volunteer Do’s and Don’ts” document for tips on preparation for shadowing and internships.
2. Teens will contact businesses directly to see what opportunities are available.
3. Businesses may feel free to contact CALL for ideas about the basics of how to set up an internship if they have not done this previously.
4. Teens and businesses may be asked to let us know how things went so we can develop this program.
